

Amazon SEO (Product Optimization) Package

Budget: 10K (One Time)

In Amazon SEO service we optimize product listings with proper Meta tags, image optimization, use of keywords in product listings, product descriptions etc. Optimizing product listings can boost up rankings over Amazon and also over search engines.

In 10K INR price we can optimize 15 products hence select your top best selling products, so that you can get maximum benefits.

- Three Product Optimization (Detailed Optimization of Products)
- Twelve Product Optimization (Basic Optimization of Products)

Please share your store link and links of your top 15 products (you like us to optimize) and let us review your listing and scope of optimization in product listings. Depending upon scope of work we use below techniques to optimize each listing (wherever possible).

- Amazon SEO: Keyword Research using Amazon Keyword Research Tool.
- Prioritize and use Keywords in a Product Listing.
- Addition and Selection of Best Search Terms in Seller Central.
- Product Image Optimization.

Note: Please note optimizing product listing is one of the basic task without proper optimization it's not possible for any product to get visibility. Optimizing a list doesn't mean product start coming on top of the list. Ranking of product is not guaranteed in above plan as product ranking depends on number of factors.
